

BLACKLINE MASTER 13

USING TILES TO SHOW A LINEAR GROWING PATTERN

Draw your pattern. Use different colours for the different parts of the rule.

Complete the chart based on your pattern.

Position Number	Number of Tiles Used		
	Colour of Tiles ____	Colour of Tiles ____	Total

What is the rule? _____

How do you know?

What part of the pattern shows growth (the multiplier)?

What part of the pattern always stays the same (the constant)?
